

## TP SERVICES GROUP LLC

### YOUR PROFESSIONAL CCTV AND HOUSE AUTOMATION INSTALLER

Our smart home label guarantees you a maximum of comfort. All our video surveillance systems offer you the following significant benefits:

- Line crossing and property invading detection
- Motion detection
- Access from everywhere by mobile or other devices
- Access to live streams and recorded videos
- Instant event notification to your mobile or other devices
- High quality products with 2-year warranty

## WHAT WE DO.....

- We plan, install and configure your security surveillance or house automation systems
- We monitor these systems live 24/7, so every incident is noticed and in case of a criminal event the police or other emergency services can be alerted instantly
- We offer customer support and user management
- We create and store your data backups in a server center in Tampa or Switzerland
- You can choose between 3 security surveillance Packages
- You can choose between 3 service packages stated in our Factsheet Services

\*\* One-time activation fee \$ 49.00 not included
